Onderwerp: HE Team update
Bijlagen: Mentorship CEG version 22-5-2025.pdf

Dear colleagues,

Here is the team update for this week.

❖ **GENERAL ANNOUNCEMENTS**

- **Online / offline hate**: As Tiziana mentioned in an important email sent to the department on 20-1, one of our staff members has unfortunately been the subject of an online hate campaign and threats. Our thoughts go to our colleague. If you face problems with online hate or any form of aggression, please let us know.
- **Laptop delivery issues**: Unfortunately, we are still experiencing issues with the delivery of new TU Delft laptops. Newly requested laptops might be significantly delayed. Thank you for your understanding.
- **Call for PhD mentors:** We are still looking for new mentors to supervise PhD students. Mentors need to be (UHD or UD) employees of the faculty with experience in the supervision of PhD students. You can find extra information in the attachments. If you are interested, please contact graduateschool-CEG@tudelft.nl.
- **Workshop Social Safety :** A second Social Safety workshop will be held on the 12th of February between 13-16 pm in PSOR. We encourage everyone to participate if you have not already. Please let us know your attendance by responding to the Outlook invitation sent on the 26th of January from secr-he-citg@tudelft.nl.
- **DMA GS Forms**: Please make sure the Graduate School GS forms are up to date. You can find these here.
- **HE Strategy Session 4**: Last week, we held the last strategy session. We want to thank you once again for your attendance and enthusiasm. You can find a recap of the main point in Elske's mail from 4-2.
- **New lab reservation tool:** Please be aware that the old system to submit lab equipment reservations is no longer in use and that a new website tool is now available at https://tud-he-lab.streamlit.app/, thanks to Jennifer Rietdijk's efforts.

❖ **TOPIC OF THE WEEK – CALL FOR CREATIVITY!**

With the new trash cans, we now have some space left on the 3rd floor at the coffee machines (see left picture). We received some budget from FM to creatively fill up this space with a cool eyecatcher, for example like the one from offshore at the printers on our floor (see right picture). If you have any ideas for this nice opportunity, your inspiration is very welcome!

❖ **PERSONNEL DEVELOPMENTS**

- **Goodbye Dijana:** A while ago, we said goodbye to our dear colleague and friend Dijana. You can see some pictures from the event below.

Met vriendelijke groet / Kind regards,

Elske & Jelle
