For more information, please revisit EMT-CEG's email of October 16th or look into these links: [OER TUD Library](#), [CEG Educational vision](#)

❖ TOPIC OF THE WEEK – LEAVE HOURS

The autumn break is coming up. Please remember to register your leave hours if you'd like to use these.

❖ PERSONNEL DEVELOPMENTS

- **Welcome Victor Litoux**

Hello there ! I'm a PhD student who works with Nadia on the Sea & AI project. I was graduated in the French engineering school EPITA in data science and computer science. My goal is to improve the safety of maritime traffic thanks to the application of data science and machine learning.
Along to coding with Python on Linux, I play drums (and a little bit of guitar and bass) and tabletop role playing games.

Met vriendelijke groet / Kind regards,

Elske, Dijana & Jelle
