Onderwerp: HE Team update

Good morning colleagues,

Here is the team update for this week.

❖ **BOARD ANNOUNCEMENTS**

- **BVM wood workshop:** The wood workshop, including its equipment, will be transferred from DEMO to the Faculty of CEG. HE will be taking on the day-to-day management starting 1 March 2026. The official Board Decision will be uploaded to the HE Staff website shortly (these can be found [here](#)).
- **Call for HSE committee members:** We are looking for new committee members for the Health, Safety and Environment committee: a PhD or PostDoc, and a permanent staff member. You can express your interest by emailing Elske.

❖ **GENERAL ANNOUNCEMENTS**

- **RNO:** The RNO meetings are currently being planned. Due to the large quantity of meetings to be held, your flexibility is much appreciated. Please do not suddenly cancel the meetings and be critical when you want to decline the invitation.
- **Missing docking stations:** Lately, we noticed that a lot of docking stations have been missing. Please be aware that it is **not** allowed to take or move any kind of office equipment. We are now missing 16 docking stations, which costs the department around €1600.

Met vriendelijke groet / Kind regards,

Elske & Jelle
